

2002 AGRICULTURE IN THE CLASSROOM CREDIT COURSES

These graduate credit courses provide creative ideas to elementary teachers for utilizing agricultural concepts within the classroom curriculum. The 2-day format provides hands-on activities, free resource materials and endless ideas for helping students better understand the importance of agriculture in our everyday lives.

Classes may also be taken for one-hour graduate/undergraduate credit or workshop hours. The cost for each class will be the per credit hour fee of the sponsoring institution. Listed below is the schedule for the summer. More classes may be added, so check the Missouri Farm Bureau Federation's website at www.mofb.org for the most current information. Select the Ag in the Classroom option.
